ABOUT US

Open and operational from Monday, 2 February 2026, Pirtek Central Auckland is purpose-built to deliver fast, dependable hydraulic hose and fitting solutions to businesses across the Central Auckland area. Based in Penrose, we provide a full Service & Supply Centre with over-the-counter service, supported by a fully equipped workshop and mobile, on-site service capability. From in-house hose assemblies and repairs to rapid breakdown response, we support mobile plant, fixed equipment, and complex industrial systems across transport, construction, manufacturing, marine, logistics, hire, and more.

Led by new franchisee David McIntosh, who brings over 20 years of experience within the Pirtek network. His extensive operational and technical knowledge, gained across multiple roles, reinforces a strong focus on safety, quality and service.

Supported by Pirtek's 24/7 nationwide hydraulic breakdown service and the New Zealand distribution centre in East Tāmaki, we have fast access to a comprehensive range of hydraulic and industrial hoses, fittings, and components. Our specialist facilities include high-pressure hose testing and certification up to 56,000 PSI, ensuring safe, compliant solutions. Pirtek's hose management system provides hose identification, improving safety, controlling costs, and reducing unplanned downtime.

Safety and efficiency are core to our operation. All work follows Pirtek's standard operating procedures, with mandatory health and safety checks and a fully paperless service system via pMOBILE, ensuring clear communication, traceability, and consistent service delivery.

Pirtek Central Auckland delivers direct service capability, technical expertise, and fast response, backed by a trusted national network and proven systems that keep businesses operating.
