ABOUT US

Pirtek Bay of Plenty has been operational since 2004, and is an integral part of Pirtek's 21+ centre footprint nationwide.

Our workshop is based in Mt. Maunganui. We are fully equipped to conduct machining, hydraulic repairs, servicing and builds, on-site or in-house. We offer a 24/7 hydraulic breakdown service supported by three service vehicles across the region.

Pirtek Bay of Plenty is supported by Pirtek New Zealand (PNZ) in Auckland, which is our main Distribution Centre, with delivery available overnight. PNZ has a 56,000 PSI pressure test unit capable of checking and certifying a wide range of hoses.

Pirtek offers a hose tagging system, which allocates a unique number so each hose can be tracked. Tags are attached to new hoses during a changeout or to existing hoses when serviced. An operator can reference a tag number so we are prepared for servicing, or have the replacement hose ready for collection. This can significantly reduce downtime.

PRODUCT GROUPS

Pirtek has over **14,000** items which cover the following products:

- Hydraulic Hose and Fittings
- Industrial Hose and Fittings
- Clamping Systems
- Oils and Lubricants
- Spill Kits and Environmental
- Convoluted Stainless Steel and Composite Hoses
