

PIRTEK EP GREASE

450gm GREASE GUN CARTRIDGE

PIRTEK EP GREASE is a NLGI No.2 Lithium Complex grease containing a non-lead E.P (Extreme Pressure) additive, together with oxidation and rust inhibitors.

GENERAL AUTOMOTIVE

PIRTEK EP GREASE is suitable for lubricating vehicle chassis points, wheel bearings, (both drum and disc brake equipped) in passenger cars, trucks, farm and earthmoving equipment, including fifth wheel applications*.

INDUSTRIAL MACHINERY

PIRTEK EP GREASE provides superior protection to heavy construction equipment and provides excellent wear protection, particularly in oscillating bucket pins and universal joints. It is also recommended for ball, roller and slow speed, heavily loaded plain bearings under all service conditions.

FEATURES & BENEFITS

- » High drop point above 260 degrees Celsius
- » Excellent adhesive properties
- » Protection against shock loading
- » Superior wear protection under heavy loading

Pirtek EP	
NLGI Grade	2
Thickener Type	Lithium Complex
Colour	Blue
Appearance	Smooth / Tacky
Worked Penetration (25°C)	265 - 295
Dropping Point D2265 (°C)	260
Water Wash Out, D1264% Loss	<5.0
Rust Prevention D1743	Pass
Four Ball EP Weld Point D-2596	315
Timken OK Load D-2509 LB	60
Oil viscosity at (40°C) cSt	180 - 240
Oil viscosity at (100°C) cSt	16.5 - 19.0
Water, Percent Max	0.1
SUITABLE FOR PIRTEK GREASE GUNS	
ITEM CODES: PL100, PL101, PL102, PL104, PL111, PL112, PL113, PL114, PL120	

NOTE: Do not mix grease types.

* Always refer to equipment manual for required grease specifications.

PIRTEK ITEM CODE: VEP2-450
VALVOLINE PART NUMBER: 0800.82
